You are My true apostles, never forget it. Read My scriptures when you need Me When you read My scriptures, as I told you, you are before Me and I stand before you Do the impossible to follow Me because with Me you will lack nothing And ask me when you need My path you know it all Why, where I am a small group of people to follow the Lord, I am among you And I will send you all that you need As I told you this Place I have been drawing for a long time Here great things will have to happen But I always follow Me sarrò Here for even one person The scriptures I made have passed more than twenty years There is a great teaching for all Porta you Here so many people, even children, as I have told you many times Because even children must hear the Word of the Lord Take courage I will help you in everything Now we say the Lord's prayer: "I am the Lord your God He made heaven and earth I am your people I must do all things You are the people of My Will Now you owe all My Will You are the Son of the Earth You must make your way with your people God wanted for His people what has commanded Now My people must observe all that I have commanded God has made to write His Will ".
