

I tell you or dear people, today is the biggest day I was waiting for you I thank you for Sunday It was a great joy for me If you want you can have a day of party going somewhere you want to go Because I, when I was on earth, I went with My people in so many parts For Me and for all it was a big party Everybody brought something to eat But there were times when there was almost nothing I multiplied five loaves and two fish And so it was Eight baskets And I said: "Keep them because it will always be when it can serve" So, if you want, we can go where you want And we make a beautiful day of celebration Today Here, I say for Sunday, I was so happy Come always near Me Because I, wherever you want, I am always with you When you want I will choose I Sunday But always bring a great people So, if we go somewhere, I am doing pilgrimages, you are My pilgrims Do not pay attention to those people who mock you So, when in the end those who mock you will also come to them Look at them well They will stay away Because you feel they are wrong I always wait for you dear children Now I greet you Come always See you soon.
