

I want to tell you or little people, always stay near Me I am with you all the moments of My life Here there is the greatest Sanctuary that can exist Because you see Me and feel Me I wait for you all the moments of My life If you want come at all hours I am always there Those who do not see Me I will make myself feel As I told you from the beginning, when you return home, with so much joy and happiness, that you seem to fly All My scriptures keep jealously preserved Because these scriptures are all dictated by Me for twenty years! I am bigger than a Bible Because I am the Son of God who dictated them to you In My scriptures read them carefully Why all words are one more important than the other Do you see? My writings have gone far Three books have gone to Rome, to the Vatican He understood that I am the Lord. Or they would have protested. Dear children, with you, I have written down how to renew a Bible I am here among you, and here we There are more people who see Me Do not worry As I wrote you My words will enter your mind and heart Now I greet you And I wish you happy birthday My day because today is a great day for Me It is the ascent of the Lord to Heaven I thank you so much Tell the people I always wait for you Come always See you soon.
