

I want all peoples to do My Will You have to think about all My words I have written in writing everything that My people need to know You have to think that I to those who do not want to believe him will first know the Great Truth Why the My people all want, but they can not give a small "thank you" So I'll do what I have Why the Lord is the Lord Do not have to obey the people Must do the people So people learn what they are waiting for you I bless you with everything I myself, with everything I myself Have occasion Every time you come I gave you a great blessing Tell all the families you can: I am not the people that you have to complain of the Lord, but I am the Lord who complains of People Miracle I'm so many years old I've taken the books, and so many other messages with all the pictures When they arrive at the end They will repent bitterly Everyone says he has no time for the Lord Even I do not have time for those who do not believe So in the end he understands from where I am the injustice I greet you with great joy in the Heart And I bless you and all Family: father, mother and children and grandchildren greet you soon.
