

I tell you or dear children, do not worry My Name and My Presence will never fail you, because you make a great journey with the Lord This day the greatest day for Me I always wait for my children to come I am with you always think that you are in a good company I will take you with Me until the end of My Eternity This is the greatest gift I can make you Today is a beautiful day But it goes better than usual The thing we have to do that's what I will command you when your time arrives Here, as I told you, there is the Greatest Sanctuary that can exist. Take courage. I will do the impossible to carry you forward. This is the greatest gift I have given you. people who do not want to believe But at the end they will say: "I want to take the path of the Lord too" But I say: The road of the Lord you have taken since the first communion Because for the first communion you have been taught everything You must always remember that great teaching I Here, as you know, there are not a moment that I am not there Now I want to tell you For the pilgrimage not forced none Because for the people it must suffice only My Name It is too much My Presence Here and that of My Mother many people see it So they will have to believe When they see My image they will not be able to say that I am not the Truth My scriptures have done so much road But have you seen? Did someone introduce you that should interest him? Those are the first who say that I am not the Truth But those people will make them regret bitterly Follow me, as you have always done, as I told you, you are the apostles as those of the past And you will always come with Me I will take you everywhere I go You do not see Me, but you are always next to Me Dear children Always carry with you some writing of My messages If someone insists you to say that I am not the Truth you read some writing of My messages I have chosen you for this great path Now I salute you or dear children I pass with My Hand above each of you Come always See you soon.
