

I tell you dear children, my presence Here I am for all peoples You see dear children My people, the Lord are like a thing I can not tell When they arrive eventually would like to approach the Lord But I said: "You had to think about it when all things have been taught "I wish my people to listen to My words As I have told you many times, with you few that you are, I receive so much joy I want to say: Try to do the impossible Pass my words even with a little insistence Insist! And tell him: "The Lord Pay With What He Takes" Because there are so many people who say that I'm not the Lord who speaks to you And tells me that you see My image of all My story Tell them that these messages are all over the country , for all provinces, for all regions, even for all nations These messages are sent by the Son of God Those who say that I am not the truth I put in writing that he will show them the Great Truth Arrived at that point after that too late I am Here all the moments of my life And I have given everybody the chance to come to me These messages are also for all the servants of the Lord, to the highest of all That should come first Why does he know the meaning of this request Now I greet you dear children Your sacrifices I will reward you for the great Now I greet you with so much joy in the Heart Come Always soon.
