

Dear children, I want to ask you a very important thing I always have someone who is committed to this great journey I've been looking for it for a long time For this thing I want to say: It takes great effort My road is a road to all When it has spent all the time that I have established it takes a great deal of effort We have made a long way together We try to move on, everything is possible Those who have to commit know all these great things But they never came It has been worse than when I was on earth But I miss those failures to pay you more than you believe Now Dear children Go ahead Because with Me you will not miss anything I will think about everything Ask me always what you need It will take some time but you will see that I will never miss Why My Road Is The Most Important That Puddle Exist Be Courageous, as long as you can When you can no longer have some family members who will take your road Now I greet you with a great blessing, passing with My Hand above each of you I greet you Always come soon
