

I would like all My people to do My Will I have said this teaching many times. There are most of the people who do not believe these things. But when their need comes and say, "O Lord, O Lord." Remember the Lord When the need comes, however, I have said several times: "I have always been there and I will be there until My Eternity" I wanted to say: Do not look for the impossible because the impossible are for nobody I have done so many scriptures for all the people , but no one came because I said these messages The people come only because of their necessity I also did for their necessity But they did not come to say a single thank you to the Lord I also sent some tickets But as I said, it is difficult to one of the kind arrives at My Great Goodness He has understood all these things But it is as if the Lord were not there

I say thank you for your kindness and for your respect Walk with Me for twenty years This is why with you I receive so much joy My joy I will transmit it with so much Respect and with so much Greatness Now my Birth is approaching For My Birth there I ask for so much goodness and so much love, because I love so much the people who behave with these requirements

I tell you when you want to have a day of partying with Me, but now it's not too cold. I salute you. See you soon.
