

I wanted to tell you dear children, that My presence here never fail To take courage Because I always wait for you If you come even at night I am here I wanted to say a great thing Here I am a bit cold But if the weather gets worse you can go home too Be careful I have written down, with nineteen years of messages, all that My people must know I have renewed the commandments of My Father Because most of My people have not even observed the first commandment that says so : "I am the Lord your God And you will not have another god other than Me" Follow all My scriptures If you need Me you can also ask me through the scriptures I will do the impossible Follow me always Bring with you also your family So you will bring home the greatest blessing of the Lord I am Here, among you, as one of you I wanted to tell you. Bringing My Big Party to Be Attentive Because every year my holiday is always renewed: Holy Christmas When you come home you will feel different Because you have been before the Lord I beg you to always remember My Name There are many who could not come But There are those who follow this path for nineteen years: The journey with the Lord If there are anyone who can make some pilgrimage, everyone can do it. Bring here a great people I wait for you with so much joy When you come home I will give you the greatest joy that puddle exist Follow me dear children I follow My people from My birth And I have also given Myself all
Now I greet you with the wish of merry Christmas If you come more numerous I have been waiting for it for a long time
I greet you dear children and I bless you all, passing with My Hand above each of you. Come always See you soon.
